Professional information

- *Research interests.* AI/LLM integration in Cybersecurity, Defensive and Offensive technologies, and Data Security
- *Current Project.* Currently working on an LLM Guardrail project that defends against prompt injection attacks. Can be found on <https://github.com/Alv-P/LLM-Firewall> (2026 - Current)
- *Featured Project(s).* VetFinder. A veterinary clinic locator app, for pet owners/lovers that identifies the location, availability, and rating of nearby clinics. Available at <https://github.com/Alv-P/VetFinder> (2025)

Personal information

- *Family.* I am an only child. I have 20+ aunts and uncles, and 5+ cousins (Most of them live in India so I've never met them all)
- *Films.* Classics and Action. Favorite directors are Chris Columbus, Rob Marshall, and Wes Ball.
- *Hobbies.* Playing and finding ways to break my favourite video games, improving myself, and watching interesting documentaries/biographies/shows/stories on YouTube.
- *Reading.* Novels, Sci-Fi, history, mythology and dystopian.
- *Mini side projects.* Dungeon Crawl, a dungeon crawler where you play as an enemy in a dungeon, fighting your way through enemies to find answers. Can be found at <https://github.com/Alv-P/Dungeon-Boss> (2026)
- *Citizenship.* I have an Indian Citizenship, staying as a permanent resident in Canada.

In 10 years, I hope that I will: Be in a well-paying cybersecurity/software related job and have enough money to survive and do cool stuff in Canada, or some other country.
